Chief, Administrative Appeals Office

**DISCUSSION:** The employment-based immigrant visa petition was denied by the Director, Nebraska Service Center and is now before the Administrative Appeals Office (AAO) on appeal. The appeal will be dismissed.

The petitioner is a banquet facility/real estate management company. It seeks to employ the beneficiary permanently in the United States as an accountant pursuant to section 203(b)(2) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1153(b)(2). The petition is accompanied by a ETA Form 9089, Application for Permanent Employment Certification, which was certified by the Department of Labor.

The director determined that the ETA Form 9089 failed to demonstrate that the job requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability and, therefore, the beneficiary cannot be found qualified for classification as a member of the professions holding an advanced degree or an alien of exceptional ability. 8 C.F.R. § 204.5(k)(4). The director denied the petition accordingly.

On appeal, counsel argues that the petitioner sought classification as an advanced degree professional or alien of exceptional ability in error by mistakenly checking block "d" in Part 2 of the Form I-140. Counsel asserts that the petitioner should have checked the block for a professional or skilled worker pursuant to section 203(b)(3)(A) of the Act, 8 U.S.C. § 1153(b)(3)(A).

The record shows that the appeal is properly filed and timely. The procedural history in this case is documented by the record and incorporated into the decision. Further elaboration of the procedural history will be made only as necessary.

In pertinent part, section 203(b)(2) of the Act provides immigrant classification to members of the professions holding advanced degrees or their equivalent and whose services are sought by an employer in the United States. An advanced degree is a United States academic or professional degree or a foreign equivalent degree above the baccalaureate level. 8 C.F.R. § 204.5(k)(2). The regulation further states: "A United States baccalaureate degree or a foreign equivalent degree followed by at least five years of progressive experience in the specialty shall be considered the equivalent of a master's degree. If a doctoral degree is customarily required by the specialty, the alien must have a United States doctorate or a foreign equivalent degree." *Id.*

Section 203(b)(2) of the Act also includes aliens "who because of their exceptional ability in the sciences, arts or business, will substantially benefit prospectively the national economy, cultural or educational interests, or welfare of the United States." The regulation at 8 C.F.R. § 204.5(k)(2) defines "exceptional ability" as "a degree of expertise significantly above that ordinarily encountered."

Here, the Form I-140 was filed on July 28, 2007. On Part 2.d. of the Form I-140, the petitioner indicated that it was filing the petition for a member of the professions holding an advanced degree or an alien of exceptional ability.

The AAO maintains plenary power to review each appeal on a *de novo* basis. 5 U.S.C. § 557(b) ("On appeal from or review of the initial decision, the agency has all the powers which it would have in making the initial decision except as it may limit the issues on notice or by rule."); *see also, Janka v. U.S. Dept. of Transp., NTSB*, 925 F.2d 1147, 1149 (9th Cir. 1991). The AAO's *de novo* authority has been long recognized by the federal courts. *See, e.g. Dor v. INS*, 891 F.2d 997, 1002 n. 9 (2d Cir. 1989). The AAO considers all pertinent evidence in the record, including new evidence properly submitted upon appeal. On appeal, counsel states that a mistake was made in marking Part 2.d. and that the petitioner intended to seek classification as a professional or skilled worker. Counsel also submits a "corrected" Form I-140 in which box "e" is checked, as well as copies of the job postings made in connection with the labor certification application. The job postings state that the position requires a bachelor's degree in accounting or finance.

The regulation at 8 C.F.R. § 204.5(k)(4) states in pertinent part that "[t]he job offer portion of an individual labor certification, Schedule A application, or Pilot Program application must demonstrate that the job requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability."

In this case, the job offer portion of the ETA Form 9089 indicates that the minimum level of education required for the position is a bachelor's degree in accounting or finance and that experience in the job is not required. Accordingly, the job offer portion of the ETA Form 9089 does not require a professional holding an advanced degree or the equivalent of an alien of exceptional ability. However, the petitioner requested classification as a member of the professions holding an advanced degree or an alien of exceptional ability and attempted to change this request to that of a skilled worker or professional on appeal. A petitioner may not make material changes to a petition in an effort to make a deficient petition conform to United States Citizenship and Immigration Services requirements. *See Matter of Izummi*, 22 I&N Dec. 169, 176 (Assoc. Comm. 1988). In this matter, the appropriate remedy would be to file another petition with the proper fee and required documentation.

The evidence submitted does not establish that the ETA Form 9089 requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability, and the appeal must be dismissed.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361. The petitioner has not met that burden.

**ORDER:** The appeal is dismissed.
